

# Minnesota Trapshooting Association

## State Team 2013 Requirements

### General Requirements

- Only ATA registered targets and Minnesota club attendance from September 1, 2012 through August 31, 2013 will be used in consideration of the Minnesota 2013 State Teams.
- Shooters must register 700 singles, 700 handicap and 500 doubles in state (Senior-Vet and Sub-Junior categories are not required to shoot doubles).
- Shooters must complete the HAA (High All-Around) at either their resident Minnesota Zone Shoot or the Minnesota State Shoot (Senior-Vet and Sub-Junior categories are not required to shoot the doubles component of the HAA).
- Shooters must compete at a minimum of 4 different clubs\* in Minnesota (**NOTE: Junior and Sub-Junior categories are exempt from this requirement**).

\*Your resident Minnesota Zone Shoot and the Minnesota State Shoot, regardless of location, EACH count toward your 4 required clubs. If you attend an additional ATA registered target event at that location it will also count toward your club requirements.

*Example: Jane attends her resident MN Zone Shoot in Alexandria and attends the MN State Shoot, also held in Alexandria. Earlier that spring she attended an ATA registered shoot put on by the club at the Alexandria Shooting Park. Jane now has fulfilled 3 of the 4 Minnesota club requirements for consideration of the 2013 State Team; she will have to attend an ATA registered shoot at another location to complete her 4 different club requirement.*

### Target Requirements

- In addition to the general requirements, please note the specific target requirements necessary for your category:
